ANNOUNCEMENT

MINOR IN COMPUTER SCIENCE

The minor in Computer Science is designed to prepare students in other majors for careers in a wide variety of fields which require computer science expertise. Department of Electrical Engineering and Computer Science in the Catholic University of America is pleased to offer a 'minor in computer science'. The minor in computer science allows you to enhance a career in engineering, business, art, music, mathematics or any other sciences.

Requirements for a minor in computer science:

The student must complete **six** three-credit hour courses in Computer Science. Among the six courses, three courses are required and at least two courses should be selected from 300 level or above.

Choose six CSC courses from the suggested CSC courses below:

C/C++ Programming	CSC 123	(required)
Object-Oriented Programming with Java	CSC 223	(required)
Data Structures	CSC 280	(required)
Discrete Mathematics	CSC 210	
Theory of Computing	CSC 212	
Software Engineering	CSC 363	
Concepts of Programming Language	CSC 370	
Analysis of Algorithms	CSC 411	
Introduction to Database Management	CSC 442	

The student may choose Computer Science courses outside of the suggested electives prior written permission from their computer science advisor. For more information, please contact the EECS Chair, Dr. Ozlem Kilic, kilic@cua.edu, 202-319-5193.
